Reflectances	_____
Type of Activity	_____
Readings taken at grade (Y/N)	_____
Readings taken above grade (Y/N)	_____
Building Height	_____
Fixture Setback (Required or Max)	_____
Cut-off or Semi-cut-off criteria	_____
Pole Locations: Use Existing (Y/N)	_____
Place as Needed (Y/N)	_____
Spill light/property line issues	_____

Owner or Code Requirements: \_\_\_\_\_

Other information: \_\_\_\_\_

**4. A scaled or dimensioned site plan via e-mail or hard copy.**

- ✓ Remember, when e-mailing we need a .dxf or a .dwg file.
- ✓ Hard copy drawings must be digitized and will require a longer turn-around time, as well as transit time.
- ✓ Dxf or .dwg files should have any x-refs bound and be clean as possible of layers and blocks which are not necessary for the lighting layout.
- ✓ Clearly mark the areas to be illuminated.

**5. Revisions**

- a. Mark up and fax the changes, including reference number, or
- b. Return electronically, clearly marking edits on .dwg or .dxf files (mark areas with circles, change colors of fixtures which have been moved, etc.), and return by e-mail indicating reference number.
